## FRAMER'S TAPE II

### The #1 Hinging Tape

This tape is stronger and thinner than linen or paper tapes. It is moisture proof and the adhesive will not ooze from the sides. This product is great with water colors and can be repositioned on hard calendered mat board surfaces. This flexible adhesive comes in white or clear and can be easily reversed with minimal heat from most surfaces.

FM2000-2WH	2" x 180FT

## ABACA.SA HINGING TAPE

### Paper Hinging Tape

Abaca.sa self-hinging tape incorporates the strength and supple nature of Abaca paper (manila hemp), along with a very strong acrylic adhesive that is permanent and non-yellowing. Gummed tapes are risky to use with Giclee inkjet prints because of their water sensitivity. In these cases a self-adhesive tape is a much safer alternative. It is strong enough to hold large digital prints, and supple enough to adhere to the print without distorting. Abaca paper is acid-free, biodegradable, and comes from a self-sustaining plant.

FM991-.5      1/2" x 60YD

## TAPESTRY MOUNT TAPE

### *Fabric Double-sided Tape*

This is the only double-sided tape strong enough to mount heavy weight fabrics safely. Replace messy spray adhesives with this easy to use pressure sensitive adhesive. Because of the strength it does not allow you to reposition tapestry cloth and therefore, not recommended for conservation level framing.

FM991-1.5	1 1/2" x 60YD
FM991-.75	3/4" x 60YD

## PREMIUM 2 MIL ATG

### *Double Matting and Mounting*

This is a great general purpose adhesive transfer tape that can be used for double matting and mounting and also ideal for sealing dust covers. This adhesive will not dry out or deteriorate with age and it is quick and easy to use. You can use this solvent resistant tape on an assortment of material groupings.

**\*\*FAST Tip\*\***

*This tape is highly recommended for any job that may have PH factoring concerns.*

## SUPER STICKY HIGH TACK ATG

### *Fabric Mount*

This high tack ATG tape offers the ability to mount to irregular, printed surfaces, and it contains the thickness in the adhesive to mount fabrics. This tape allows for permanent mounting and it bonds on contact and works on many different substrates.

FM1104ATG-.5	1/2" x 18YD
FM1104ATG-.75	3/4" x 18YD

## CLASSIC DOUBLE-SIDED ATG

### *Mat and Mount*

This permanent ATG is excellent for double matting. This pressure-sensitive adhesive transfer tape works great various project types and also pairs well with our D604 ATG Dispenser.

FM202ATG-60	1/2 x 60YD

## FILLET TAPE

### *Maximum Bond Acrylic Adhesive*

A double-sided ultra-bond tape designed to adhere to the backside of a mat, wood, or metal fillets. This acrylic adhesive will not yellow or dry out. Rough Surfaces will not cause any problems when bonding and usage of this tape will reduce shrinkage and elongation with its extreme holding power.

© FM670F-.25	1/4" x 36YD
FM670F-.125	1/8" x 36YD

**\*\*FAST Tip\*\***  
This tape works well on silk fabrics.

## STITCHERY TAPE

### Acid Free Mounting Tape

The “ultimate” double-sided customary grade adhesive tape will adhere to fabrics as delicate as silk, linen, or velvet without adhesive bleeding or damaging the fabric. This transparent tape is designed for mounting stretched needle work to art boards or foam core. Be sure to cut all loose threads from the back of the stitched piece before mounting. Be aware that maximum adhesion is reached within 24 hours under weight. Use this product to replace glues, pins, and staples.

Ⓒ FM1175-1.5	1 1/2" x 180FT

**\*\*FAST Fact\*\***  
This is the first US made museum quality black felt tape for lining the raw rabbet with oil paintings.

## RABBET GUARD II

### Black Felt Tape for Lining the Raw

It is important to use a tape that will not cause deterioration, discoloration, or abrasion to objects that need to be maintained over a long period of time. This conservation tape can be used as a protective spacer on the bevel of framed mirrors. It will protect and enhance the mount and will not damage the artwork.

FM558-.25	1/4" x 50FT
-----------	-------------

**\*\*FAST Fact\*\***  
This is the first US made museum quality black felt tape for lining the raw rabbet with oil paintings.

## Clear Bumpers

### Polyurethane Bumpers

These bumpers are of excellent use on the backs of frames preventing the frame from causing marks or scratches on the wall. They are also used to prevent the frame from sliding or becoming unlevel. This product is available in clear to provide a seamless transparent look.

FM7-CL	0.085" X .335" 450 P/S
FM40-CL	0.062" X .25" 578 P/S

# HAND APPLIED MOUNTING

## SUPER STICKY TISSUE TAPE

### Mount to Irregular Surfaces

This permanent adhesive is very sticky, very versatile in its applications, and very sustainable in its tacking ability.

FM331-.25	1/4" x 110YD

Ⓢ FM331-12	12" x 110YD

FRAMING

## EDGING

## WHITE ARTIST TAPE

### Smooth, White Matte Paper Tape

This permanent adhesive permits it to be used for edging foam core, and excellent for art boards, writing, and painting on this smooth premium grade white paper masking tape. This tape can stick to paper, fabric, film, and more.

Ⓢ FM1702-.75	3/4" x 60YD
FM1702-1	1" x 60YD

## WATER COLOR USAGE

## WATER COLOR WASHOUT TAPE

### Removable Tape

This tape is specifically designed for the water color artist. This is an up to date replacement for the gummy paper tape; its removable, will withstand very wet paint, and will not alter or tear the surface during removal. It can be used with all water color paints, acrylics, oils, and works best with non-porous boards. This self-adhesive film is clear and waterproof.

FM3011-1	1" x 36YD
FM3011-2	2" x 36YD

**\*\*FAST Hint\*\***  
This tape works best if you wet the paper, let it dry for about 5 minutes then apply the tape.

## FLOATING

### MASTER TABS II

#### *Double-sided Clear Adhesive Disks*

This age resistant adhesive will not yellow or dry out. These permanent double-sided clear adhesive disks are used for float mounting photos, documents, and other artwork on most surfaces.

FM513-12	12" x 36YD

## SUBLIMATION

### SUBLIMATION HEAT TAPE

#### *Comfortable, High Temperature Tape*

This high temperature tape will not color bleed onto your substrate. You can wrap the image around your product and secure with heat tape. It is very beneficial to keep the edge of tape bent at an angle on one corner for easy removal after heat pressing.

Ⓒ FMCW21S-.5CL	1/2" x 72YD

FMCW21S-2	2" x 72YD

## SANDBLASTING

**\*\*FAST Fact\*\***  
Sandblasting was patented by Benjamin Chew Tighman in 1870.

### LAZER'S EDGE

#### *Laser Safe, No PVC*

This film is a top seller for both lasering and sandblasting. This one step masking process will take you from stenciling in the laser straight to the sandblaster. This PVC free film creates sharp clean lines without bleed through as with normal paper masks. It protects the substrate from the harsh impact of the abrasive and works great with awards, trophies, stained glass, engraving, sandblasting, signage, and monuments.

Ⓒ FMCW5764-25	6" x 25YD
FMCW5764-72	12" x 72YD

## LOW TACK PAPER MASK

### *Protects Foils from Edge Burn*

This clear coated low tack paper mask will allow you to apply vinyl graphics to your lasering products. This mask will safeguard your foils from edge burn and eliminate smoke damage. This reusable mask can be used with or without foils.

FM6582-2	2" x 100YD
FM6582-4	4" x 100YD
FM6582-6	6" x 100YD

**\*\*FAST Hint\*\***  
It is very favorable to mask wood materials before fabrication to avoid natural oils from discoloration on the surface.

## SOLID COLOR LASER FOILS

### *PVC Free*

These foils allow decals and stencils to come to life for lasering projects. The process of adding color and flare to your product is very easy. Cut a piece of the foil and cover the area that you intend to engrave; then use your laser engraver or vector to cut the film. Remove the excess material and admire the illusion of movement and added creativity with these accented foils to your substrate.

**\*\*FAST Tip\*\***  
These foils can be used with acrylics, glass, and wood, just to name a few.

## FOAM BONDING

### POLYURETHANE OUTDOOR FOAM

#### *Wide Temperature Range*

This is an intelligent bonding solution that will meet your high performance bonding application needs. This acrylic foam has a uniform wetting for many different surfaces. It has the capability to absorb tension with a wide temperature range. This black foam is safely able to reject distress and seals against pungent humidity. This automotive and construction grade foam is of high quality, sustainable, and excellent for signs and trim pieces.

#### **\*\*FAST Fact\*\***

*This anti-fungal foam has a great success rate for bonding to some treated vinyl wallpapers.*

FM1086-2	1/32" x 2" x 200FT

## TESA ACX HIGH TRANSPARENCY

### Package, Bind, or Hold

tesa® ACXplus 7054 is a transparent acrylic core tape. Due to the high transparency, it is especially suitable for constructive/permanent bonding of transparent materials such as glass or acrylic. The visco-elastic, solid acrylic core compensates different thermal elongation of bonded parts. The product provides a high immediate tack and peel adhesion.

FM7054-.5	.5" x 27YD
FM7054-1	1" X 27YD

**\*\*FAST Tip\*\***

*This tape can be used with any substrate.*

## TESA ACX HIGH ADHESION

### Creates a Steel Surface

tesa® ACXplus 7065 is a black acrylic foam tape. It consists of and weather resistance. It is especially designed for the bonding of "hard-to-bond-materials" such as powder coatings or plastic materials. It offers a convenient solution for the bonding of such materials to metals, due to high process safety.

## UHB FOAM

### Ultra High Bond Foam

This poly lined foam is here for your permanent bonding needs. It can be used for display cabinetry, outdoor signage, furniture, and transportation vehicles. This UHB foam can also be used on substrates including glass, plastics, sealed woods and metals. Use this foam as a replacement for fasteners such as rivets, bolts, welding, and screws for a much cleaner look.

FM1435F-.75	3/4" x 36YD
FM1435F-1	1" x 36YD

**\*\*FAST Fact\*\***

*This foam has the ability to withstand temperature fluctuations over time which could lessen outdoor signage replacement.*

## ROUTER TAPE

### *Rubber Based Adhesive*

This double-sided tape is more effective than foam tape in routing because it does not sit up as high and it allows you to be more exact. This adhesive keeps the panel from vibrating and rebounding when its being machined by the blade. This rubber based adhesive can also be used on windows.

FM513-.5	1/2" x 36YD

FM513-1	1" x 36YD
FM513-2	2" x 36YD
FM513-12	12" x 36YD

**\*\*FAST Fact\*\***  
This tape firmly holds the substrate in place during the routing process.

## ENGRAVING TABLE TAPE

### *Holds Plates in Place*

Engraving with this clear, linerless non-residue adhesive is seamless. This tape will hold your engraving plates to the bed of your engraving table. Remove as many air bubbles as possible, as this tape has an extending ability. When used properly, you can engrave multiple plates before replacing. This table tape permits for easy removal after engraving.

**\*\*FAST Fact\*\***  
This tape firmly holds the substrate in place during the routing process.

## Opaque Floor Tape

### Solvent Based Rubber Adhesive

Unique paper tape with a non-residuing adhesive system. Can be applied to most floors and removed without damaging floors surfaces or leaving behind adhesive residue. Also hand-tearable.

FMSAFOFF-1	1" x 90YD
FMSAFOFF	2" x 90YD

## MASKING SIGNS

### **\*\*FAST Hint\*\***

*This tape can be re-used if placed on the flat side of the screen. Peel up the film and then store properly for use later.*

### **SILK SCREEN BLOCK OUT-FILM**

#### ***Chemical and Moisture Resistant***

This tape is used to lock the job down and provide a good tack with reasonable adhesion, while offering clean removability from most surfaces. After your screen is made and the stencil is done, you will want to use this tape pre-press to protect the ink from going where it should not be.

## SANDBLASTING

**\*\*FAST Fact\*\***  
Sandblasting was patented by Benjamin Chew Tightman in 1870.

### LAZER'S EDGE

#### *Laser Safe, No PVC*

This film is a top seller for both lasering and sandblasting. This one step masking process will take you from stenciling in the laser straight to the sandblaster. This PVC free film creates sharp clean lines without bleed through as with normal paper masks. It protects the substrate from the harsh impact of the abrasive and works great with trophies, awards, stained glass, engraving, sandblasting, signage, and monuments.

Ⓒ FMCW5764-25	6" x 25YD
FMCW5764-72	12" x 72YD

## LOW TACK PAPER MASK

### *Protects Foils from Edge Burn*

This clear coated low tack paper mask will allow you to apply vinyl graphics to your lasering products. This mask will safeguard your foils from edge burn and eliminate smoke damage. This reusable mask can be used with or without foils.

FM6582-2	2" x 100YD
FM6582-4	4" x 100YD
FM6582-6	6" x 100YD

## SOLID COLOR LASER FOILS

### *PVC Free*

These foils allow decals and stencils to come to life for lasering projects. The process of adding color and flare to your product is very easy. Cut a piece of the foil and cover the area that you intend to engrave; then use your laser engraver or vector to cut the film. Remove the excess material and admire the illusion of movement and added creativity with these accented foils to your substrate.

**\*\*FAST Tip\*\***

*These foils can be used with acrylics, glass, and wood, just to name a few.*

FMD2

### TABLE TOP DISPENSER

This ultimate multi-roll tape dispenser is made of high quality steel. It is designed to hold one or more rolls up to 3".

FMD233

## DISPENSERS

### WORKROOM DISPENSER

This dispenser is a heavy duty, weighted base dispenser that can hold one or more rolls up to 6" wide on a 3" ID core.

FMD2336

### ELECTRONIC DISPENSER

With this dispenser, you can increase productivity and eliminate material waste with this option. It accepts tape widths from .28 to 2" and it can also cut tape lengths from .79 to .39".

FMST1000

### ATG DISPENSER

This is a lighter weight, high impact plastic gun that is well balanced for your ATG needs. A hinged, clear cover enables you to see when it is necessary to reload. The easy grip handle makes applying tape fast.

FMD604

**\*\*FAST Fact\*\***  
This gun works well with all of our ATG tapes up to 72 Yards.

### **Pricing:**

-All merchandise will be invoiced at the time of shipment. We will make every effort to notify all customers of any price changes; however, prices are subject to change without notice. Our sales department will confirm current prices for you. FAST is not responsible for errors in pricing. All pricing in the catalog and on our website is listed in U.S. Currency.

### **Delivery:**

- Our goal is to have all Guaranteed items shipped via UPS ground within (2) business days. Guaranteed product orders made after the cut off time, will take an additional business day to process.
- Non-Guaranteed products will be shipped approximately (15) working days from the date of order.
- Guaranteed items are denoted in the catalog marked with a G before the product SKU.
- FAST reserves the right to over-ship or under-ship + 10% on all non-Guaranteed items.
- Custom orders are non-cancelable and non-returnable.

### **Back-orders:**

- All back-orders will be shipped as merchandise is available, unless previously cancelled by customer.

### **Cancellations/Changes/Returns:**

- Orders accepted by FAST are not subject to changes or suspension, except by mutual agreement. Cancellations will not be accepted on non-standard and blanket orders. FAST reserves the right to charge a 15% restocking fee for all returns or issue credit. Except by mutual agreement regarding a quality issue, FAST reserves the right to determine whether or not a restocking fee will be charged with credit or if replacement of product will be issued for any returns. The discretion of assessing credit or replacing the product will only be determined by FAST.

### **Claim:**

- All claims must be made within (45) days of receipt of goods. Deductions from remittances will not be allowed unless authorized by FAST in writing. All claims for merchandise lost or damaged in transit must be made to the common carrier; FAST is not responsible.

**Disclaimer of Warranties:**

-Many factors can affect the use and performance of a product in a particular application. All technical statements and all recommendations herein are based on tests we believe to be reliable, but the accuracy or completeness thereof is not guaranteed, and the following is made in lieu of all warranties, expressed or implied, including the implied warranties of merchantability and fitness for a particular purpose: Seller's and manufacture's only obligation shall be to replace such quantity of the product to be defective. FAST has samples of our stock materials for your evaluation. Our warranty extends to our products and not to any damage caused by the use of our product.

**Tax Exempt Form:**

-Please complete and send in your tax exempt form. Without this form, we reserve the right to charge tax on all orders.

**Merger Clause:**

-This writing, exclusive of any verbal statements, constitutes the final expression of the parties' agreement, and it is a complete and exclusive statement of the terms of the agreement.

**Modification:**

-The conditions of sale as stated in this contract are not subject to change by reason of any written or verbal statements, by Buyer or any terms stated in Buyer's acknowledgement, unless the same be explicitly acknowledged in writing.

**Miscellaneous:**

-The conditions of sale that comprise this agreement are independent of each other. Cancellation of any one of the conditions listed shall not result in an automatic termination of any other conditions or the entire agreement. The relationship of the parties is that of independent contractors and no partnership or joint venture has been, or is intended to be, formed. The sale of products under this agreement shall be governed by the law of the State of Wisconsin
